PROFESSIONAL SUMMARY

Full-Stack Developer and CS Engineering student specializing in modern web applications with AI integration. Daily AI learner with expertise in Firebase/Supabase backends, Hugging Face AI models, and Vercel deployment. IIT BHU Hackathon 2025 Winner with proven ability to build scalable full-stack solutions and lead technical teams. Core competencies include Full-Stack Web Development, AI Integration, Database Management, UI/UX Design, Vercel Deployment, Automation Workflows, Team Leadership, Excel, and Project Management.

EDUCATION & ACHIEVEMENTS

Bachelor of Technology - Computer Science & Engineering
Noida International University, Greater Noida, UP | 2024-2027 (Expected) | GPA: 8.0/10.0
Relevant Coursework: Machine Learning, Data Structures, AI, Database Management, Web Development

🏆 **Winner, IIT BHU Hackathon 2025** | IIT Banaras Hindu University | March 2025 - Led team using full-stack development, Hugging Face AI models, Vercel deployment, 1st among 200+ teams
IBM Student Ambassador | 2024 - Present - Conducted workshops on full-stack development, AI tools, Firebase, Supabase, Vercel deployment for 50+ peers
Published Writer | Medium Platform | 2024 - Present - Technical articles covering full-stack development, AI integration, Vercel deployment, career strategies

---

EXPERIENCE

Full-Stack Developer & AI Enthusiast | Self-Directed | Jan 2025 - Present
• Build end-to-end web applications with modern frontend frameworks and backend APIs with Firebase/Supabase integration
• Integrate AI/ML models using Hugging Face, n8n workflows, and popular AI tools with deployment on Vercel
• Design UI/UX using Figma/Canva, rapid prototype with Lovable/Webflow, and implement responsive designs
• Practice daily AI learning using GitHub Copilot, Cursor, and cutting-edge development workflows
Languages: English (Professional), Hindi (Native) | Immediately available for internships and full-time opportunities

Coding Club Lead | Noida International University | 2024 - Present
• Organized monthly hackathons using full-stack development and AI integration workflows
• Mentored 50+ students in web development, AI tools, Vercel deployment, and modern development practices
• Introduced cutting-edge tools: GitHub Copilot, Figma, Firebase, Supabase, and no-code platforms increasing engagement 30%

Event Organizer | UNI-ENTRENOVA 2.0, NIU | April 2025
• Coordinated logistics for leadership event with 100+ participants, managed cross-functional teams

---

PROJECTS & TECHNICAL SKILLS

Full-Stack AI Chatbot Platform
Technologies: React, Python, Firebase, Hugging Face, n8n, Vercel, Figma, JavaScript, HTML5, CSS3, Tailwind CSS, RESTful APIs
Certifications Applied: Google Cloud Associate (2025), Full-Stack Development Certification (2025)
• Developed comprehensive chatbot platform with modern frontend, backend APIs, and Firebase database
• Integrated AI models using Hugging Face transformers and n8n automation workflows, reducing response time 30%
• Designed responsive UI in Figma, implemented with Tailwind CSS, deployed on Vercel with automated workflows
• Built RESTful APIs, implemented authentication, real-time chat functionality, and seamless user experience

Full-Stack AI Text Generation Platform
Technologies: Vue.js, Python, Supabase, Hugging Face, OpenAI API, Vercel, Canva, TensorFlow, Git, GitHub, VS Code, Postman
Certifications Applied: AI/ML Certification IBM/Google (2025), Advanced JavaScript (2024), Python for Data Science (2024)
• Built scalable web application with modern frontend, backend APIs, and Supabase database integration
• Implemented Hugging Face models and OpenAI API integration, achieving 88% user satisfaction
• Designed complete UX flow using Canva graphics, deployed on Vercel with automated deployment pipeline
• Added features: user authentication, payment integration, analytics dashboard, and comprehensive API documentation

Additional Technical Proficiencies: Java, ChatGPT, Anthropic, Machine Learning, Google Cloud, Firebase Hosting, GitHub Copilot, Cursor, IBM Watson, Lovable, Bubble, Webflow, Zapier
Additional Certification: Web Development Certificate Unstop (2025)
